Dear readers!

You are holding an unusual book. Its content is information that, at first glance, may seem unreal, fantastic, or downright fictional. In fact, this is the result of communication for several years of our contactors with the envoys of the Higher Cosmic Forces — Pifman, Rayen, Sarfin, Tevador, Tsagan Aawa — White Elder.

Contact was made at the astral level. Records of the information received, which met scientists, are more than 50 common notebooks. Their content is diverse.

This information about the Universe and its governing Deities, the laws of the space, the universal mission of the messengers of the Space on Earth.

The book “Cosmic Religion of Maitreya” reveals some cosmic rituals that allow you to comprehend many of the secrets of the cosmos, visit it, and perform important work on Earth to purify human souls and bodies from pollution. This is a very delicate and complex work that requires special physical and spiritual training, which is not typical of the ordinary representative of the human race.

During the sessions of communication with Space, especially important projects were transferred — tasks which were accompanied by drawings and diagrams.

The activities of our contactors in the astral space and on the Earth were planned, regulated, carefully monitored, and evaluated accordingly.

Those of my disciples who were adherents of the Tsagan Aawa, who learned the knowledge, passed

through the steps of high spiritual ascent, withstood the system of tests, were gifted with space energy, in particular, with the gift of healing.

Dear readers, when reading a book, the manner and style of presentation of the material will sometimes seem to you a little strange, unusual, paradoxical. There we are talking about the transcript of the “solar” language and its translation into Russian.

It turned out that our dictionary collections lack adequate concepts and terms. In addition, every language has idiomatic momentum that cannot be accurately translated. We are dealing with a very different thought process, its way, and our alphabet is not able to display all the semantic richness of the solar language.

It is no accident that the entire systems of special devices designed by mankind and sending signals into Space cannot establish contact with intelligent beings of extraterrestrial galaxies.

These and many other difficulties affected the texts translated by me and the contacts.

At the same time, we are immensely glad that the daughters and sons of multinational Kalmykia¹ man-

¹ The Republic of Kalmykia (*Russian*: Республика Калмы́кия; Kalmyk: Хальмг Таңһч, Halʼmg Tañǰč) is a federal subject of Russia (a republic). Kalmykia is the only region in Europe where Buddhism is the most-practiced religion, with Buddhists constituting a plurality of the population. Elista, the capital of the republic, has gained an international reputation for international chess competitions. The republic is located in the southwestern part of European Russia. Being just north of the North Caucasus, it borders, clockwise, with Volgograd Oblast in the northwest and north, Astrakhan Oblast in the north and east, Dagestan in the south, Stavropol Krai in the southwest, and with Rostov Oblast in the west. It is washed by the Caspian Sea in the southeast [<https://en.wikipedia.org/wiki/Kalmykia>].

aged to receive this kind of information about the cosmic religion of Maitreya.

In conclusion, dear readers, I would like to note that books of such content have been published in Russia and in a number of other countries, but this is only the beginning of an amazing dialogue with Space.

OFF-SITE CEREMONIES IN KALMYKIA: CLEANSING THE AREA AND HUMAN SOULS

A trip to the village Tsagan-Usn¹. 15.07.2000

This day is a special day. We accept the power of prayer — the prayer of purification. The power that the gods gave us. We lived up to their hope. You are united by unity and the melody of prayer. The prayer of purification is carried by the wind through the steppe, through the streets, into the houses, opens the eyes, ears, and finally, the soul, cleansing the nation, healing the people, pointing to simple human happiness.

The lands cleared by you will be a help in your movements on your land. These lands will give you the power that will give you the opportunity to safely walk on your hard way. The old generation has seen today the enlightenment, the power of the faith of the young, and has given you the way to the pursuit of perfection. Without our word, without our approval, you couldn't have done anything. So, open your souls, open your eyes, your ears, hear your thoughts. We're with you,

¹ Tsagan-Usn (*Kalm.* Tsagan Usn, *literally* White Water) — a village in the Yashkulskiy District of Kalmykia. The population is 511 people [All-Russian population census 2010].

we lead you. Your credo: without anger, without envy, without greed. And then you can live the law of Life, love, and creation. YOU SEARCHED, YOU FOUND, YOU FOUND EACH OTHER, DO NOT LOSE... This man has experienced the same thing but has not yet realized everything — help him. Don't judge each other. Love as a simple man with his little shortcomings, bow down to him when he says or does something by the direction of God. You feel the word of God.

**Rite Aryabal. Prayer "Om Mani Badme hum".
17.07.2000**

Higher power: We want to tell you that we love you all very much. It's lucky we're all together. Fear nothing, the gods are with you. Faith will save you. Believe it, a person can be so good that he does not need anything except prayer. Pray, pray, pray... I want to hug you all. Ask each other for forgiveness. Today is the day of love for all people. You get the power, give it to the people. Say, don't be afraid. You're close.

Bulletin of Mars. 20.07.2000

Everything comes from the star. It's on your forehead, Blue and Red. She leads you to her, she's a Guiding star, you know who she is.

You had it at 12. We gave it to you alone... So, take it now. This summer is the summer of your hopes, all your dreams. We'll take you and you'll know it's true. Give up the bad. We came, we are with you, we are in you. Poplar will be the star for you.

It'll be the same day as when you were 12. Wait for him and take what you didn't take at 12. Understand — this is your strength!!!

Kegshin Tsagan Aawa — the Father-Creator.
23.07.2000

Mahakala: Lepers need to be cleaned, to give them the opportunity to feel the purity. And how they feel it — it depends on themselves. Your work is only in purification.

The Father-Creator: 1) start praying, 2) open yourself, 3) take a notebook and a pen, 4) and write, write, write, 5) do not be afraid — it's us, 6) do not think about what we dictate to you. Then reread it and you'll know it's us, 7) take all Teacher.

Give instructions to your family. Please be quiet. You're confusing everything. I'm asking you not to make noise! At least for starters. Vitya, now you have to help your sister. She is having a hard time; the beginning is always hard. You don't think, no one's pressuring you, you're taking it all wrong. She's just having a hard time. Be with her, be her support. I love you.

Mahakala: I'm glad you're working with people. But you work on yourself a few, a lot of laziness. You are lazy, you block, you do not give yourself information. If you continue this, we will punish you and we don't very much like it.

White Tara: You have no idea what lies ahead. You will heal the most serious diseases, the dirtiest and "incurable" not only with milk but also with those objects that will be lowered to you, which will be our strength. You have to work out in the same spirit in which you are currently working. Do not stop, you will learn the power of medicinal herbs (steppe, i. e. yours). But remember

purification first. Cleansing with milk, prayer, mercy, and then everything else. Everything must be through purification.

Zunda¹, Iki-Burulskiy district. Prayer house

You're doing a great job...

You are already strong and see the tasks set before you. You noticed that for a moment this house turned out to be your home. Believe me, you will still have many such houses where they will be waiting for you... houses, lands, people, cities, villages. You have given the opportunity to stand on your feet to those people who are connected with you. You should know — this is only the beginning. People hear from you their native, forgotten, old, but their own. It exalts. In their Homeland, with their relatives, with their own prayer, the possibilities are endless. Improve, unite, trust each other. Hold hands and go.

Your teacher is your God. She will go forward without you; you will not come anywhere without her. She can do anything without you; you cannot do anything without her.

White Tara. 24.07.2000

Your strength depends on your purity. Purity depends on your prayer. Prayer comes from your mind. Improve your mind. Listen more to the people around you, draw conclusions for yourself, not judging anyone, strive for the best. Don't forget your beginning...

Khar Tolga¹. 02.08.2000

For the future: whatever offense, anger was, do not put at risk all faith, all goals, and deeds. Do not forget that there is a difference when a person makes or speaks with the mouth of God and when he is just a man with his little shortcomings.

Don't put the young faith at risk. There's a difference between young and mature faith. Young people are more vulnerable.

Higher power. 02.08.2000

Today was a visual refinement to a group of people. Believe me, it was not in vain. Today you have seen and heard the language of Satan. Your people should be able to distinguish and destroy the language of Satan in their environment and even in themselves. To fight it, you need to know it. You see how primitive Satan is. Struggle with primitiveness and with temptation in yourself, reach for the sublime. Improve the purity of the mind.

I also tell you — prayer will save you, prayer coming from a pure soul. My advice to you — as soon as you hear in yourself the voice of Satan, which torments you, be purified from your Teacher, thereby you will show strength, the power of truth. Do not be afraid, the gods are with you, God is near, just be able to turn to him for help: "I want to be what you want me to be", "I want to do only what you want to do", "And because in me already there is no "I", there is only you and will be you".

¹ Khar Tolga (*Kalm.* Khar Tolga, *literally* Black Hill) — village in Yas-hkul'skiy district of Kalmykia. The population is 381 people [Population of the Russian Federation by municipalities as of 1 January 2017].

Bogdo-gegyan. 02.08.2000

Galina, I am grateful to you for these people. This is the result of your work and patience. Yes, I agree, there were many difficulties but just look at those glowing eyes, those satisfied faces, those lives filled with meaning. You can hear more and more often a young and happy lauhg around you. You helped them to find each other friends, sisters, brothers, fathers, mothers. Believe me, not everyone can do this. I would even say — only You. Agree, all these difficulties and failures are nothing compared to your friendly, working family.

16.08.2000

Your Teacher is with you. Read the prayer from the heart. Relax. Don't be afraid. Don't let each other down and don't let your Teacher down.

For the celebration of Okn Tengr

Today, Satan tried to contaminate everything, but it didn't work out. Natasha, Clara, Lyuda, and the gods who entered them all lit up. There's no fear, no anger. We have become above all these evil people. Here we not only heard Satan's voice but also saw it. That's what our efforts, our works, our prayers are for. This is to ensure that we do not have such dirty people. This is to protect our children from dirt and evil. Pray, pray, and pray again. For me. For you. For all.

Energy column. Disciples. 16.08.2000
